

PREMEER vs. VINYL

COMPARISON

Premeer is manufactured with an e-beam cured topcoat for superior performance and increased benefits:

Premeer Performance & Benefit

Scratch/abrasion resistance	Reduced rejects/claims
Moisture resistance	Reduced rejects/claims
Boiling water/steam resistance	Reduced claims
Resistance to stain, easier to clean.	Reduced rejects/claims
Resistance to shrink and creep.	Reduced rejects/claims
Resistance to yellowing.	Reduced claims
Easier to laminate (no primer)	Reduced laminator rejects, laminator labor
4 times more film per roll = better yield	Reduced roll changes, laminator lost time, waste, transport costs, handling/storage costs & labor
No laminated boards sticking to each other . .	Reduced waste/labor
No discoloration at sharp edges & V groove . .	Reduced rejects
Recoatable surface	Increased customer appeal & manufacturing versatility
Print above substrate	Increase customer appeal
High print fidelity	Increase customer appeal

Premeer Flat Lamination Vinyl Flat Lamination

Uses wet laminator/EVA glue	Uses wet laminator/EVA glue
Laminates to PB/MDF/Plywood/gypsum . . .	Laminates to PB/MDF/Plywood/gypsum
DOES NOT need primer on back	DOES need primer on back for good bonding
Bonded directly to film	Bonded to ink and primer
Less expensive	More expensive

Premeer Moldings

Uses Barbaran/Homag/other wrapping lines .	Uses Barbaran/Homag/other wrapping lines
Uses PUR hot melt glue, no paper backer . .	Needs a paper backer
Uses PEO hot melt glue, no paper backer . .	Needs a paper backer
Less expensive	Much more expensive

Vinyl Moldings

Premeer & the Environment

Safest class of manmade films	Contains chlorine
Printed with water-based, VOC-free inks . . .	Printed with solvent inks
Recyclable film	Not recyclable, classified as a hazardous material
Incinerable film	Not incinerable, classified as a hazardous material
Disposable in regular landfill	Disposable in designated landfills only

Vinyl & the Environment

Premeer Fire Rating ASTM E84/UL723 Vinyl Fire Rating

Class A, best rating for flame spread/smoke . Variable, depending on manufacturer
